- Samsung
- Sanyo
- Schneider
- Sharp
- Sony
- Tatung
- Thomson
- Toshiba

We specialise in fast turnaround, high quality repairs. We have been established for over 15 years.

Although televisions are very reliable, sometimes a manufacturer will have a known problem with a particular model. Often the manufacturer will pay for the repair if it is a common issue - even out of the warranty period, and therefore for these repairs there is no charge to the customer. We are able to offer this on some repairs as we work closely with many manufacturers, including Sony, Panasonic, & Pioneer. Therefore it is always worthwhile checking with us first before giving your television repair to an unapproved repair workshop. Please use the 'Contact Us' page and supply us with as much information as possible, and we will email you back. We repair televisions and related products such as home cinema systems and DVD recorders, under manufacturer warranty and outside of warranty. Although repairs are cheaper if you can get them into us, we can organise to collect your item. We currently cover:

- Dublin
- Wicklow
- Wexford
- Waterford
- Cork
- Kerry
- Kilkenny
- Tipperary
- Carlow
- Laois
- Kildare
- Limerick
- Clare
- Galway
- Westmeath
- Meath
- Louth
- Monaghan
- Cavan
- Leitrim
- Roscommon
- Mayo
- Sligo
- Donegal

Our repairs are carried out to manufacturer standard. Our performance and quality is

measured. You can contact us here or phone 01 490 7156.
